WHO WE ARE

ABOUT SERVENT

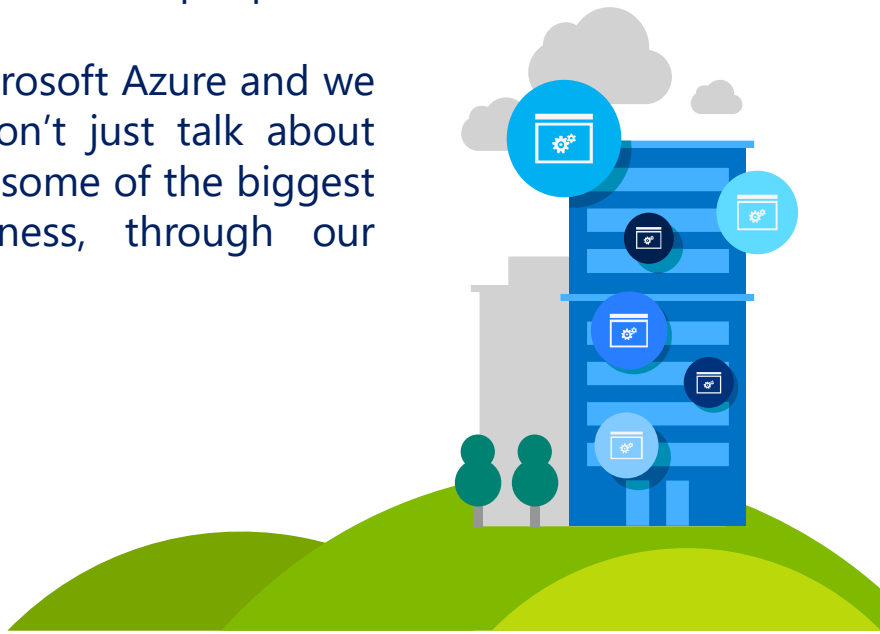
22 Montrose Street
Glasgow
G1 1RE

www.servent.co.uk

Servent are one of the top UK Microsoft Azure partners and sit within the top Microsoft partners in the UK, based on the amount of Azure revenue we drive for Microsoft, and our customer references.

We have been working with the Microsoft Azure platform since 2010, so we understand it more than most people.

That's why our business is built on Microsoft Azure and we live and breathe it every day. We don't just talk about Microsoft Cloud, we deliver it, helping some of the biggest enterprises cloud-power their business, through our Journey to a Modern Enterprise.



JOURNEY TO A MODERN ENTERPRISE

Our journey to a modern enterprise is our proven process driven approach to moving customers to Microsoft Azure. Its is made up of the following individual offerings, built from many years of experience moving customers to the cloud.

Agenda

- Why is cloud adoption important?
- Overview: Microsoft Cloud Adoption Framework for Azure
- Overcoming common blockers
- Tools, templates, and assessments
- Find a Partner

Microsoft

Why is cloud adoption important?

… but change is difficult. We understand that. Change impacts your people, your culture, and feels risky.

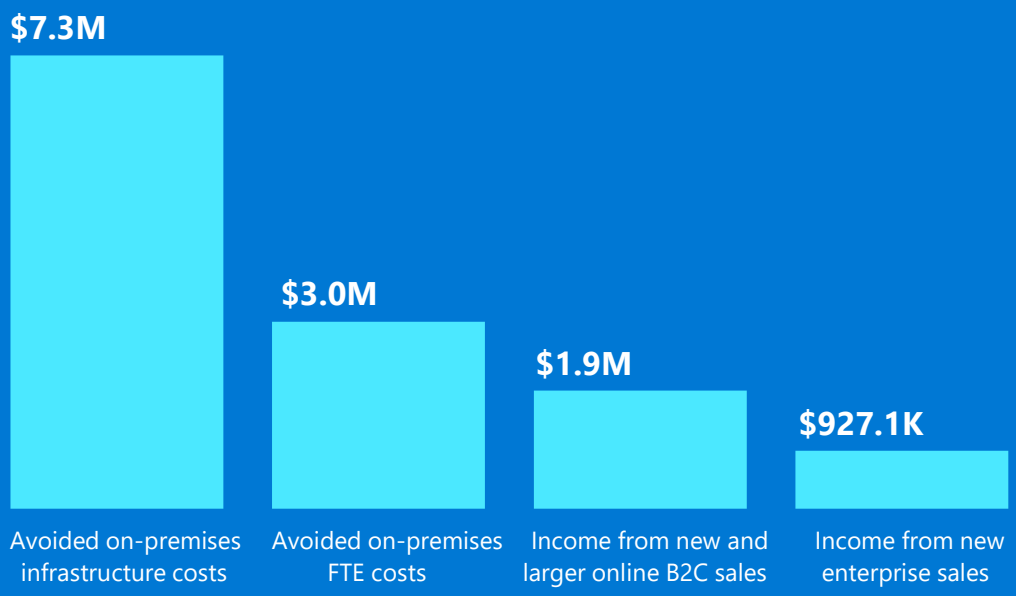
Change requires radical thinking.

It requires leaders to adapt, take risks, and learn quickly.

Change requires a culture shift within your organization, and starts with you.

Modernization drives measurable ROI

Benefits (Three-Year)



[1]Forrester Total Economic Impact™ Study Commissioned By Microsoft, August 2019, The Total Economic Impact™ Of Microsoft Azure IaaS Cost Savings And Business Benefits Enabled By Azure Infrastructure-As-A-Service (IaaS)

Shifting from on-premises operations to the cloud favors your bottom line

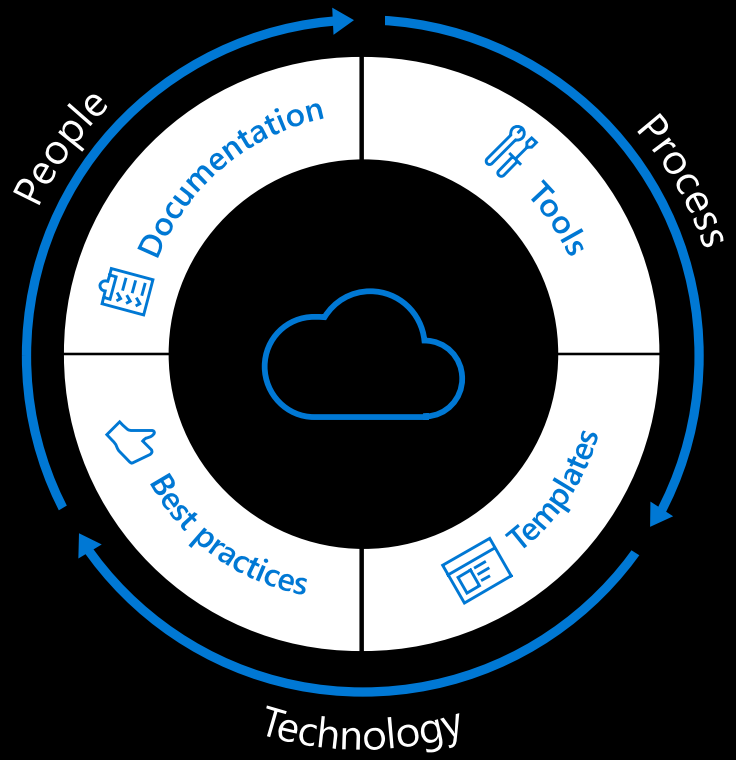
Research findings[1] indicate organizations with Azure-mature tenure (three-years):

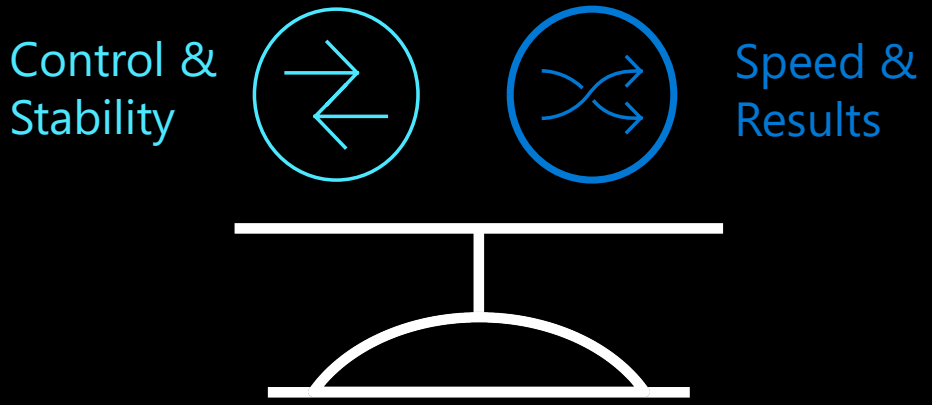
- experience benefits of $13.1 million over three years versus costs of $2.3 million
- benefits add up to a net present value (NPV) of $10.8 million and an ROI of 478%.

Microsoft

Overview: Microsoft Cloud Adoption Framework for Azure

Achieve balance. Deliver modernization





Align—business, people and technology strategy.
Achieve—business goals with actionable, efficient, and comprehensive guidance.
Deliver—fast results with control and stability.

An iterative process that supports your business … as it evolves

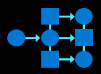
Tools, templates, and assessments

Tools, templates, and assessments



Define strategy

- Cloud journey tracker
- Business outcome template

Plan

- Azure DevOps demo generator
- Cloud adoption plan template

Ready

- Azure setup guide
- Readiness checklist
- Naming and tagging tracking template
- Landing zone blueprints

Adopt

- Strategic migration assessment and readiness tool (SMART)
- Azure migration guide
- Azure innovation guide

Govern

- Governance benchmark
- Governance process template
- Cost Management process template
- Deployment acceleration process template
- Identity process template
- Resource consistency process template
- Security baseline process template

Manage

- Microsoft Azure Well-Architected Review
- Best practices source code
- Operations management workbook
